INBLF BARCELONA MEETING 2013

WELCOME ADDRESS

Dear Members and Friends,

It is a pleasure for our firm, Pintó Ruiz & Del Valle, to invite you to the **5th European INBLF Meeting**, that will take in Barcelona from **14 to 16 June, 2013**.

The program we have designed combines the customary business meetings and practice groups with activities especially devised to allow our delegates to relax and enjoy Barcelona and its beautiful surroundings.

During these three days, the following activities have been scheduled:

- Barcelona Gothic Tour, followed by a welcome reception at our office.
- Conference meetings at the Hotel. Practice groups and business meeting, followed by a working lunch at Villafranca del Penedes.
- Farewell dinner.

In addition to our program, we will be delighted to provide our delegates with our proposals for making the most of their spare time.

A number of rooms at the Hotel Renaissance have been booked, both for purposes of accommodation and celebration of meetings. The Hotel is located just some steps away from Paseo de Gracia and it is surrounded by many cultural attractions and one of the city's main shopping areas .

It will be a pleasure to meet you all and show you Barcelona. Remember that this meeting is both a great opportunity to meet members from other countries and to share ideas with our friends and colleagues .

We will do our best to ensure that you have the best experience possible in Barcelona. We look forward to welcoming you!!!

About Barcelona

Barcelona, with a superb location next to the Mediterranean Sea in the North-East of the Spanish coast, is certainly the most cosmopolitan and economically active city in Spain, along with Madrid.

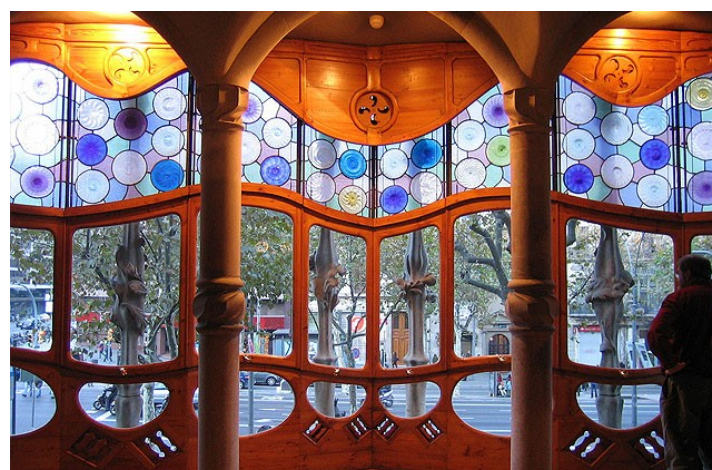

Barcelona, always eager to follow the latest international trends, features an architecture style that is the best reflection of the city's pulsating approach to life.

The past of our city can be appreciated in landmarks built during the Romanesque, Gothic and Renaissance periods. However, Barcelona is best known for the monuments that have been built only 100 years ago.

As cradle of Catalan modernism, Barcelona is proud home to the works of the great Antoni Gaudí, who along with some of his contemporaries, contributed to create what is today a great, exciting city that symbolizes the quest for modernity.
